

Meeting Agenda

December 3-5, 2026

Conference Location: Renaissance Hotel, 611 Commerce Street, Nashville, TN 37203

Thursday, December 3rd

8:30–10:30am	SENTAC Board Meeting	
Pre-Conference Workshops		
11:00am–6:00pm	Audiology Summit Course Directors: Madison Howe, Au.D., CCC-A, CH-AP; Wendy Steuerwald, Au.D.; Barbra Novak, PhD, CCC-A	
12:00pm–5:00pm	Fees Workshop Course Directors: Rachel Hall, PA-C; Joan Arvedson, PhD, CCC-SLP, BCS-S; Maureen Lefton-Greif, PhD., CCC-SLP, BCS-S Faculty: Paul Willging, MD; Aimee Seiderer, MS, CCC-SLP; Sarah Maurrasse, MD; Taher Valika, MD; Shaunda Harendt, MD; Bob Chun, MD	
12:00–2:00pm	Session 1 Simulations	
2:00–3:00pm	Keynote Lecture	
3:00–5:00pm	Session 2 Simulations	
1:00pm–5:00pm	Investing in You Soham Roy, MD; Gene Liu, MD	
6:00–6:30pm	First Time Attendee Orientation	Broadway 1
6:30–8:00pm	Welcome Reception	Broadway 1

Friday, December 4th

General Session Start		
7:00–8:00am	Breakfast	<i>Broadway 1</i>
8:00–8:05am	Welcome	<i>Broadway</i>
8:05–8:50am	Panel 1: Innovations in Patient Access Panel <i>Moderator: Kristina Rosbe, MD</i> <i>Panelists: Amber Winston, SLP; Garani Nadaraja, MD; Nicole Jiam, MD; Payal Anand, AuD, FAAA, CCCA</i>	<i>Broadway</i>
8:50–8:55am	Ruben Scientific Award Presentation <i>Awardee: N.Wendell Todd, MD, MPH</i>	<i>Broadway</i>
8:55–9:41am	Session 1 Abstracts: Contemporary Challenges in Pediatric Rhinology and Head & Neck Surgery	<i>Broadway</i>
	Subtotal Thyroidectomy for the Treatment of Compressive Thyromegaly in a Patient with Galactosialidosis – Brooke Swain Comparison of Management Approaches in Children with Pott's Puffy Tumor – Aleesha Sheikh Trends in Olfactory and Gustatory Dysfunction in Pediatric Patients in the Years Surrounding the COVID-19 Pandemic – Devika Rajeev Development of a Predictive Model in the Management of Pediatric Subperiosteal Abscess – Carlos Khalil, MD Utility of Methylene Blue Injection for Excision of Congenital Masses: Case Report and Systematic Literature Review – Amy Lin Evaluating a GP-led Rhinology Clinic for Paediatric Patients – Siham Shamsudeen Q&A/Discussion	

9:41–9:46am	Gray Humanitarian Award Presentation <i>Awardee: Larry Hartzell, MD, FAAP</i> <i>Presenter: Abby Nolder</i>	<i>Broadway</i>
9:46–10:16am	Break – Visit Exhibitors	<i>Broadway 1</i>
Concurrent Sessions		
10:16–11:13am	Session 2 Abstracts: Cochlear Implants & Implantable Hearing Technology <i>Moderators: Ethan Frank, MD and Yell Inverso, AuD</i>	<i>Broadway</i>
	Safety of Multidisciplinary Care Coordination in Pediatric Cochlear Implantation: A National Analysis of Concurrent Procedures – Lindsay Fleischer, MD MRI-Compatible Cochlear Implant Planning: Phantom-Based Validation of Artifact Reduction Strategies – Celine Richard Severity of Congenital Cytomegalovirus Temporal Bone Anomalies for Cochlear Implantation – Victoria Chiou Association Between Sound Processor Wear Time, Speech Discrimination and Quality of Life in Children with Cochlear Implant – Afnan Bukharui A Meta Analysis of Long-Term Outcomes in Children with Cochlear Implants for Single-Sided Deafness – Lillian Pitre Timing Matters: Earlier Bone Conduction Amplification Intervention is Associated with Improved Device Usage – Brian Lorenz Patient and Caregiver Perspectives on Cochlear Implants: A Review of Reddit Posts – Emily Wener, MD Neck Mass Causing Multifactorial Dysphagia in a Neonate: Lessons Learned and Recovery Timeline – Melissa Levy, SLP Q&A/Discussion	Session 3 Abstracts: Family-Centered Care, Counseling & Special Populations <i>Moderators: Javan Nation, MD and Nancy Grover, MD</i> Telehealth Payment and Utilization as We Approach 2027: Making Sense of It All. Updates from the AAO-HNS Telehealth Committee. – Adele Evans, MD and Brian D'Anza, MD Otolaryngological Symptoms in Pediatric Patients with a History of Intrauterine Drug Exposure – R. Matthew Jensen Parental Perspectives on Pediatric Hearing Aid Use Across Racial and Ethnic Groups: A Qualitative Interview Analysis – Abby Contello Supporting Families Navigating Their Infants' Hearing Healthcare by Using Asynchronous Technologies: A Pilot Study – Marie Martinez Effects of Language Concordance on Preschool Hearing Screening Completion – Mimoh Lee Barriers to Audiometric Care in Children with Tracheostomy – Sarah Raven, MD, MS Social Risks and Needs in Deaf and Hard-of-Hearing Children: Findings from an Urban Safety-Net Hospital – Aneri Parekh Listening Beyond Diagnosis: Community-Based Participatory Approaches to Building Belonging, Parent Leadership, and Support for Families of Children Who Are Deaf and Hard of Hearing – Michelle Hu, AuD; Ashley Ben-Jacob, M.Ed; and Rosabel Agbayani, MPH Q&A/Discussion
11:13–11:58am	Difficult Cases 1: Neonatal, Prenatal & Congenital Head and Neck Disorders <i>Moderators: Melissa Levy, SLP, and Ashley Brown, MS, CCC-SLP, BCS-S</i>	<i>Broadway</i>
	Congenital Hairy Polyp of the Nasal Septum and Alveolus Associated With Incomplete Alveolar Cleft: A Novel Case Report – Charles Henry Unmasking Hemophilia B: A Hemorrhagic Neck Cyst in a Newborn with Respiratory Distress – Shruthi Malavalli Siddappa, MD Infant with Sinonasal Myxoma – Emily Wright, MD Two Teratomas, One Airway: A Challenging EXIT Procedure – Gifty Aklasu, MD Airway Management and Reconstructive Planning in a Child with Bifid Nose, Choanal Atresia, and Complex Craniofacial Anomalies – Pranav Manoj Bridging to Repair: Airway Management for a Type 4 Laryngeal Cleft with Aberrant Branching – William Cohen Q&A/Discussion	Difficult Cases 2: Pediatric Sleep Surgery and Upper Airway Obstruction <i>Moderators: Steve Leoniak, MD, and Julie Wei, MD, MMM</i> Heroic Sleep Surgery: When More Is Less, A Case Series – Adham Aljariri, MD Biodesign on a Low-Meat Diet – India Casaday, MD Endoscopic-Assisted Tonsillectomy in a Child with Challenging Oropharyngeal Anatomy and Severe Sleep Apnea – Stephen Newton, MD When Swallowing Fails at the Start: Navigating Neonatal UES Dysfunction Through Team-Based Care – Kelly Delaney Q&A/Discussion
11:58am–1:18pm	Lunch	<i>Broadway 1</i>

1:18–2:18pm	SENTAC Business Meeting		Broadway
2:18–2:23pm	Dana Thompson Award Presentation Awardee: Dylan Chan, MD, PhD		Broadway
Concurrent Sessions			
2:23–3:08pm	Panel 2: A Crowded House or a Big Tent? Integrating New Types of Proceduralists into the Pediatric Airway Space Moderators: Chris Wooten, MD, MMHC, FACS, FAAP and Meghan Eileen Tepsich, NP	Panel 3: Audiology Moderators: Allie Matz, Au.D. and Barbara Novak, PhD, CCC-A	Midtown
3:08–3:38pm	Break – Visit Exhibitors		
3:38–4:43pm	Difficult Cases 3: Diagnostic Dilemmas in Pediatric Hearing Loss Moderators: Kayla Turner, Au.D. CCC-A, and Lucy Reising, AuD, CCC-A	Difficult Cases 4: Voice, Airway & Laryngeal Function Moderators: Tracy Lee, MS/CCC-SLP and Joan Arvedson, PhD, CCC-SLP, BCS-S	Midtown
	Sudden Sensorineural Hearing Loss with Miscarriage – Barbra Novak, PhD, CCC-A Beyond Test Variability: Audiologic Evidence Supporting Pediatric Autoimmune Inner Ear Disease – Mallory Schroeder, AuD, CCC/A Sickle Cell Disease and the Ear: Hearing and Vestibular Loss – Megan Cherry, AuD Congenital Cochlear Aplasia Presenting as Recurrent Meningitis and CSF Rhinorrhoea : A Diagnostic Challenge – Pravilika Parachur New Onset Declining Amplified Word Recognition in a 10 Year Old – Pranav Manoj Bridging the Gaps: Coordinating Pediatric Audiologic Care Across Healthcare Systems – Caroline Pickens A Tale of Two Canals: Cholesteatoma in a Duplicated EAC – Ashley Geske, Au.D. and Nathan Page, MD Petrous Apicitis – Daniel Choo, MD Otomimix Ossicular Chain Reconstruction – Emily Wright, MD When “Mastoiditis” Is Not Mastoiditis: Spontaneous CSF Otorrhoea from an Internal Auditory Canal Defect in an Infant – Ramaneeshawaran Murugesan Q&A/Discussion	When Therapy is Not the Answer: Synkinetic Laryngeal Reinnervation Following Unilateral Recurrent Laryngeal Nerve Injury Masquerading as Vocal Fold Dysfunction – Clare Richardson, MD Voice Rehabilitation Following Laryngotracheal Transection: A Combined Surgical and Therapeutic Approach – Clare Richardson, MD Subtle Voice Changes, Significant Findings: Collaborative Management of Bilateral Vocal Fold Lesions in a Pediatric Patient – Julia Tefs, SLP and Karalyn Marko, CCC-SLP Laryngeal Cleft or A Neurological Etiology: The Jury is Out! – Sarah Eldib, SLP Interdisciplinary Airway, Feeding, and Hearing Management in a Child with 1q43–q44 Deletion Syndrome – Allison Albers, SLP From Airway Surgery to Hematology: When Supraglottoplasty Reveals an Underlying Bleeding Disorder - A Case Report – Ammar Hudefi Interdisciplinary Collaboration and Family-Centered Counseling for Least Restrictive Environment Recommendations – Elizabeth Fitzhugh, AuD Longitudinal Aerodigestive Feeding Therapy Management in a Child with Complex Airway Reconstruction: A Multidisciplinary Case Study – Jonathan Forfa, SLP Non-Lethal Agnathia-Otocephaly Complex: Emergent Airway Management After Aborted EXIT and Multidisciplinary Longitudinal Care of a Five-Month Survivor – Sruti Desai, DO Q&A/Discussion	

4:43–5:30pm	Abstract Session 4: Genetics, Etiology & Emerging Therapies in Pediatric Hearing Loss <i>Moderators: Stephanie Wong, MD and Sharon Cushing, MD</i>	<i>Broadway</i>	Abstract Session 5: Voice, Airway & Laryngeal Challenges <i>Moderators: Kara Larson, MS, CCC-SLP and Stephanie Zacharias, PhD, CCC-SLP</i>	<i>Midtown</i>
	Characterizing Genetic Etiologies and Parental Perspectives of Genetic Testing in Pediatric Sensorineural Hearing Loss in a U.S.-Mexico Border Population – <i>Avery Zuckerman</i> Patient Characteristics Associated with Diagnostic Yield of Genetic Testing for Sensorineural Hearing Loss in a Large, Diverse U.S. Cohort – <i>Christine O’Leary</i> Preliminary Clinical Efficacy and Safety of AK-OTOF Gene Therapy for OTOF-Mediated Hearing Loss – <i>Christine O’Leary</i> Smarter Care for Every Deaf/HoH Child: A Quality Improvement Initiative Standardizing Genetic Testing for Pediatric Hearing Loss – <i>Shelley Duncan, Au.D.</i> Hearing Loss Prevalence and Its Characterization in Individuals with SOX9-Associated Skeletal Dysplasia – <i>Edward Schneider</i> Social Vulnerability and Hearing Loss Patterns in Infants With Congenital Cytomegalovirus Infection – <i>Karan Nayak</i> Q&A/Discussion		Forming a Tracheostomy Multidisciplinary Team and Clinic – <i>Hayat Adib, MD</i> Anxiety and Depressive Symptoms Reported in Pediatric ILO Patients – <i>Paula Barson, MA, CCC-SLP</i> Outcomes After Multidisciplinary Quality Improvement for Identifying Recurrent Laryngeal Nerve Injury and Assess Feeding After Pediatric Aortic Arch Surgeries – <i>Kathryn Wheller, MSN, APRN-CNP</i> Coordinated Care, Shorter Stays: A Multidisciplinary QI Initiative for Pediatric Tracheostomy Patients – <i>Amanda Feierabend</i> Turning Awareness into Action: A Novel Prevention Bundle to Reduce Pediatric Accidental Tracheostomy Decannulations – <i>Ashley Sewell, MSN, APRN, ACCNS-P</i> Q&A/Discussion	
5:30–6:30pm	Poster Session			<i>Sobro</i>
6:30–7:00pm	Academic Bowl			<i>Broadway</i>

Saturday, December 5th

7:00–8:00am	Breakfast and Visit Exhibit Hall	<i>Broadway 1</i>
8:00–8:10am	SENTAC Outstanding Contribution Award Presentation	<i>Broadway</i>
8:10–9:10am	PANEL 4: Ethics <i>Moderators: TBD</i>	<i>Broadway</i>
9:10–9:15am	Sylvian Stool Teaching Award Presentation <i>Awardee: Carlton Zdanski, MD, FAAP, FACS</i> <i>Presenter: Craig Derkay, MD</i>	<i>Broadway</i>
9:15–10:00am	Keynote Speaker – DJ Demers <i>Moderator: Vicky Papaioannou</i>	<i>Broadway</i>
10:00–10:30am	Break – Visit Exhibitors	<i>Broadway 1</i>

Concurrent Sessions		
10:30–11:28am	Abstract Session 6: Advances in Pediatric Audiology: Assessment, Practice, and Outcomes <i>Moderators: Sarah Goltsman, AuD, CCC-A and Megan Cherry, AuD, CCC-A</i> <i>Broadway</i>	Abstract Session 7: Advances in Pediatric Feeding, Swallowing, and Aerodigestive Management <i>Moderators: Genevieve Kallies, SLP and Ashley Brown, MS CCC-SLP BCS-S</i> <i>Midtown</i>
	Building a Multidisciplinary Team for Patients with Auditory Processing Disorders – Jonathan Mikhail Bridging the Gap: Translating CAEP Research into Pediatric Audiology Care – Rachel Kruse, Au.D., CCC-A Hearing From The Top Down: Otitis Media and Auditory Processing – Shanda Brashears, Au.D. Preceptor-Identified Training Gaps in Pediatric Audiology: Implications for Workforce Readiness and Multidisciplinary Pediatric Care – Madison Howe, Au.D., CCC-A, CH-AP Fetal Vibroacoustic Stimulation and Neonatal Hearing Outcomes: Findings from a Prospective Pilot Study – Prem Sagar Electrovestibulography for Pediatric Vestibular Assessment: A Novel Objective Biomarker of Neurodevelopmental Risk – Olivier Buteau-Verret Changes in Pediatric Audiologic Care Patterns Following Publication of the 2022 AAO-HNSF Tympanostomy Tube Clinical Practice Guideline – Arman Saeedi, MD, MPH Time to Audiologic Follow-Up and Diagnosis of Sensorineural Hearing Loss After Pediatric Bacterial Meningitis – Tiffany Fang Q&A/Discussion	Evaluating the Impact of Post-Frenotomy Exercises on Breastfeeding Outcomes in Infants with Ankyloglossia: A Randomized Controlled Trial – Christina Zhu Reporting for Pediatric Frenulectomy: A Systematic Review of Medical and Dental Literature – Sruti Tekumalla, MD Development of a Pediatric FEES Program: Lessons Learned from the Trenches – Melissa Levy From Thickener to Table: Outcomes of a Pediatric Collaborative FEES Program and Development of a Predictive Model for Thickener Discontinuation – Loga Iyer, BS Consequential Pediatric Dysphagia: Correlation with Respiratory Morbidity and Dysphagia in a Medically Complex Aerodigestive Population – Justin Buchanan Posterior Tracheal Wall Pouch After Tracheoesophageal Fistula Repair: Incidence, Interventions, and Association with Esophageal Stenosis – Raihanah Alsayegh, MD An Unusual Case of Rhabdomyosarcoma Presenting as Airway Obstruction – Elizabeth Lamberty Q&A/Discussion
11:28am–12:25pm	“Sorry, You’re Wrong” Sessions <i>Moderators: TBD</i> <i>Broadway</i>	
	Should Every Child With Permanent Hearing Difference Automatically Receive Genetics Referral? Dylan Chan, MD AI – The Future of Clinic Visits or Just a Tool? William Parkes, MD and Patricia Purcell, MD MPH Defensive Healthcare- Test, Test, Test or... Not? Krista Schoppy, MD and Theresa Irving-Kerr, NP To Consult or Not to Consult Faisal Zawawi, MD and Meghan Tepsich, NP Q&A/Discussion	
12:25–1:35pm	Lunch <i>Broadway 1</i>	
1:35–2:40pm	Abstract Session 8: Surgical Outcomes and Complications in Pediatric Otolaryngology <i>Moderators: Anatoli Karas, MD and Earl Harley, MD</i> <i>Broadway</i>	
	Severe Oropharyngeal Stenosis Following Adenoidectomy in a 9-Year-Old: Successful Multistage Reconstruction with Lateral Pharyngeal Flap and Adjunctive Therapy – Yusif Hacıyev Utility and Parent Satisfaction with a Home Otoscope Following Bilateral Myringotomy with Tube Insertion – Kalpana Patel, MD More Than Meets the Ear: Incidental CSF Leak During Myringotomy in a Child With Mondini Malformation – Alan Wu Anesthetic Management and Post Anesthesia Care Unit Outcomes in Pediatric Tonsillectomy and Adenoidectomy: A Systematic Review of the Literature – Naomi T Urgent Operative Management of a Pediatric Ear Canal Button Battery – Mattea Miller, MD Postoperative Outcomes of Tonsil Surgery in Children with Cleft Palate: A Scoping Review – Anushka Biswas Risk of Cholesteatoma Following Pediatric Gelfoam Patch Myringoplasty: A Retrospective Longitudinal Cohort Study – Raihanah Alsayegh Characterization of the Middle Ear Microbiome in Pediatric Patients with Otitis Media: A Systematic Review – Amber Shaffer Q&A/Discussion	

Concurrent Sessions		
2:40–3:30pm	Difficult Cases 5: Airway Reconstruction, Tracheostomy & Complex Aerodigestive Management <i>Moderators: Anisha Noble, MD and Mark Gerber, MD</i> <i>Broadway</i>	Difficult Cases 6: Rhinology, Neck Infection & Inflammatory Disease <i>Moderators: Santino Cervantes, MD and Sophie Shay, MD</i> <i>Midtown</i>
	A Case of Tracheal Agenesis - Initial Management and Counseling – <i>Jeremy Prager, MD</i> One Step Forward, Two Steps Back: Compounding Complications After Pediatric Laryngotracheal Reconstruction – <i>Natalie Marshall</i> Temporary Glottic Widening as a Bridge to Recovery in Neonatal Bilateral Vocal Fold Immobility Following Birth Trauma – <i>Mary-Arden Grace Guillory</i> From EXIT to Decannulation: Early Native Airway Restoration in Congenital High Airway Obstruction Syndrome – <i>Sarah Martin</i> Bilateral Vocal Cord Paralysis and Subglottic Stenosis in Toddler with Transverse Myelitis – <i>Shaunda Harendt, SLP</i> Pediatric Pharyngeal Fibroblastic Lipoblastoma: A Novel Patient Presentation – <i>Loga Iyer</i> Management Considerations Following Accidental Decannulation in a Trisomy 21 Patient with Severe Refractory Pediatric OSA – <i>Yvonne Heller</i> Q&A/Discussion	Severe Grisel's Syndrome After Tympanomastoidectomy – <i>Ajay Bharathan</i> Chronic Necrotizing Cervical Lymphadenitis in a Pediatric Patient: Suspected Atypical Mycobacterial Infection Without Histologic Confirmation and Implications for Surgical Management – <i>Benjamin Flyer, MD</i> Not Just a Stuffy Nose: Pyogenic Granuloma of the Inferior Turbinate With Respiratory Distress – <i>Bilawal Singh, MD</i> A Case of Multiple Intranasal Foreign Bodies in a Pediatric Patient with Autism Spectrum Disorder – <i>Isaac Soloveychik</i> Cervicofacial Actinomycosis and Coronoid Osteomyelitis Following Third-Molar Extraction: A Multispatial Infection Requiring Serial Surgical Drainage and Long-Term Systemic Antibiotics – <i>Osama Hamdi, MD</i> Pediatric Sinonasal Bacteroma Masquerading as a Fat-Containing Nasal Mass on Imaging – <i>Wyatt Wofford</i> From Routine to Critical: Brain Abscess as a Rare Complication of Intracapsular Coblation Tonsillectomy – <i>George Gerardis</i> Q&A/Discussion
3:30–4:00pm	Break – Visit Exhibitors <i>Broadway 1</i>	
4:00–4:55pm	Difficult Cases 7: Cochlear Implants & Complex Hearing Rehabilitation <i>Moderators: Ethan Frank, MD and Yell Inverso, AuD</i> <i>Broadway</i>	Difficult Cases 8: Tumors, Masses & Rare Pathology <i>Moderators: Scott Hirsch, MD and Robert Chun, MD</i> <i>Midtown</i>
	Early Cochlear Implantation After Bacterial Meningitis in a Two-Month-Old Infant – <i>Alaina Baggett</i> Case Study of a Pediatric Patient with Bilateral Cochlear Implants and Intractable Migraine – <i>Alexandria Matz, Au.D.</i> Lost to Follow-Up: Re-establishing Care in Pediatric Hearing Loss with Suspected Prenatal HIV Exposure – <i>Brittany Chan-Smith</i> Restoring Sound After Trauma: Complex Hearing Rehabilitation Following Severe TBI in Patient with Treacher Collins Syndrome – <i>Hanna Spears, Au.D.</i> Delayed Identification of Hearing Loss in a Child with Branchio-Oto-Renal Syndrome and Cochlear Dysplasia: Balancing Surgical Risk and Cochlear Implant Candidacy – <i>Keri Colio, Au.D.</i> When Relocation Threatens Care: Coordinating Cochlear Implant Access in a Military Family – <i>Madison Howe, Au.D., CCC-A, CH-AP</i> Aborted CI Due to Intraoperative Identification of Bifid Facial Nerve in a Child with Incomplete Partition Type II and Enlarged Vestibular Aqueduct – <i>Michael Papazian, MD</i> Q&A/Discussion	Recurrent Cervical Thyroid Tissue After Pediatric Total Thyroidectomy – <i>Nomongo Dorjsuren</i> Low-Grade EWSR1::WT1–Associated Mesenchymal Neoplasm Presenting as a Pediatric Cervical Mass – <i>Ananya Jain</i> A Patient Anomaly – <i>Hannah Tahhan-Jackson, M.S. CCC-SLP, BCS-S, IBCLC, CNT</i> Operative Planning with a Shifting Diagnosis – Management of Interesting Parotid Mass – <i>Jordan Luttrell, MD</i> Not Just a Cheek Mass: Intraparotid Nodular Lymphocyte-Predominant Hodgkin Lymphoma in an 11-Year-Old – <i>Megan Sampson, MD and Julie Wei, MD</i> Pediatric Skull Base Yolk Sac Tumor Presenting as Progressive Facial Nerve Palsy – <i>Keiko Fox</i> Extranodal Rosai-Dorfman-Destombes Disease Presenting as a Subglottic Mass – <i>Lauren Michelle, MD</i> Pediatric Ganglioneuroblastoma: A Rare and Challenging Diagnosis – <i>Aishni Shrivastava, MD</i> Q&A/Discussion

4:55–5:45pm	Difficult Cases 9: Surgical Complications, Trauma & Vascular Challenges <i>Moderators: Chelsea Randall, MS CCC-SLP BCS-S and Paul Willging, MD</i> <i>Broadway</i>	Difficult Cases 10: Pediatric Dysphagia Across the Continuum of Care <i>Moderators: Bridget Bona, MS, CCC-SLP and Ally Albers, M.A., CCC-SLP, Ph.D. Candidate</i> <i>Midtown</i>
	Thrombosis of an Aberrant Internal Carotid Artery Following Tympanostomy Tube Placement – Karolina Lungova Informed Consent/Assent for Microtia Reconstruction in Adolescents with Autism Spectrum Disorder and Limited Communication – Maya Herzig, MD Trigeminal Reinnervation after Excision of Neurothekeoma – Maya Herzig, MD Middle Ear Implantation in Congenital Aural Atresia: The Challenge of Unfamiliar Anatomy – Mona Mozaffari, MD, PhD Oropharyngeal Extrusion of Vertebral Artery Embolization Coils After Penetrating Craniofacial Trauma in an Adolescent – Nicholas Faust, DO Traumatic Thyroid Rupture With Airway Compression Following Blunt Bicycle Injury in an Adolescent Male – Steven Hamilton, MD Prenatal Recognition of a Lingual Foregut Duplication Cyst on Fetal MRI – Keiko Fox Q&A/Discussion	Evolving Dysphagia and Pulmonary Risk in a Pediatric Patient With Progressive Neurologic Disease: The Importance of Multidisciplinary Management and Shared Decision-Making – Hema Desai, SLP Patulous Esophagus of Unknown Origin Leading to Dysphagia and Aspiration – Henya Sandhaus, DO Navigating Oropharyngeal Dysphagia Through the First Year of Life: A Case for Prolonged NGT Use – Sarah Elzayat, SLP Beyond the Bedside: Supporting Feeding and Swallowing Across the Continuum of Care in the Premature Child with Complex Cardiac and Airway Needs – Victoria Ceballos, M.S., CCC-SLP Q&A/Discussion
5:45pm	Meeting Adjourns	
7:00pm	SENTAC President's Reception at the Tin Roof <i>Separate Registration Required</i>
