

## **Friday Morning, December 6<sup>th</sup>, 2002**

**8:00-8:15 am**            **Welcome & Introductions** - Ronald Deskin, Craig Derkay

### **Session I**

Craig Derkay, Chair

**8:15 -8:45 am**            **Guest Speaker**

Richard E. Besser, M.D.

Chief Epidemiology Section

Respiratory Diseases Branch

Centers For Disease Control & Prevention

Atlanta, Georgia

“Combating Antibiotic Resistance—Working With Government To Promote  
Appropriate Antibiotic Use”

**8:45-9:35 am**

Panel On Public Health Issues In Pediatric Otolaryngology

James Reilly, Moderator

Panel: To be announced.

**9:35-9:45 am**            Bohnenkamp, Andrews

Vocal Variability In Children: The Effect Of Cognitive Cueing

**9:45-9:50 am**            Discussion

**9:50-10:15 am**            Break

### **Session II**

R. Deskin, Chair

**10:15-10:25 am**            Conley, Rieder, Rowe.

Pediatric Myasthenia Gravis and Velopharyngeal Incompetence

**10:25-10:33 am**            Brown, D. Stool, Chen

The Effectiveness Of Warning Labels In The Prevention Of Airway Injuries Caused  
By Consumer Products.

**10:33-10:43 am**            Darrow, Hines, Hough, Horigan.

Idiopathic Aspiration In Infants: A Case Series

**10:43-10:51 am**            Chen, Milkovich, D. Stool

A Multinational Analysis Of Foreign Object Injuries Caused by Coins

- 10:51-10:56 am** Discussion
- 10:56-11:04 am** Geller, Kim, Crockett, Koempel, Wells  
Laryngo-Tracheo-Esophageal Cleft, The Three Layered Approach
- 11:04-11:12 am** Lim, Willging  
Pediatric Velopharyngeal Insufficiency: Experience With 140 Patients
- 11:12-11:22 am** Rutter  
Laryngotracheal Reconstruction In Infants
- 11:22-11:27 am** Discussion
- 11:27-11:35 am** Kerschner, Ishman, Book, Conley  
Plastic Bronchitis: An Unusual Bronchoscopic Challenge Associated With Congenital Heart Disease Repair
- 11:35-11:45 am** Rutter, Preciado, Cotton  
Tracheal Resection For Severe Tracheal Stenosis In Older Children
- 11:45-11:53 am** Lin, Daniel, Papsin  
Button Batteries In The Ear, Nose, and Throat and Upper Aerodigestive Tract
- 11:53-11:58 am** Discussion
- 11:58-12:06 pm** Mair  
The Ins and Outs of Pediatric Airway Stents
- 12:06-12:14 pm** D. Stool, Milkovich, Rider, J. Reilly  
European Public Health Policy Related to Injuries Caused By Inedible Objects In Foods
- 12:14-12:22 pm** Thomsen, Gower, Williams  
Airway Considerations In Neonatal And Pediatric Mandibular Distractions
- 12:22-12:30 pm** Wiatrak, Shirley  
Cidofovir For The Treatment Of Recurrent Respiratory Papillomatosis
- 12:30-12:35** Discussion
- 12:35-1:30** Business Meeting

**Friday Afternoon, December 6<sup>th</sup>, 2002**

**Session III**

~~Nina Shapiro, Chair~~

*Maggit*

**2:00-2:40 pm**

Panel on "Pediatric Voice Issues: Therapy or Surgery?"

Daniel Wohl, Moderator

Panel: James Kosko, M.D. and John Riski, PhD.

**2:40-2:50 pm**

Harley, Collins

Epidemiologic Factors Contributing To Otitis Media And Adenotonsillar Disease In Children: A Survey Of Children Referred to Pediatric Otolaryngology.

**2:50-3:00 pm**

J. Jacobson, C. Jacobson, Strasnick, Derkay

Virginia Internet Hearing Screening Program: Evolution In Progress

**3:00-3:08 pm**

Callanan

Cochlear Implantation And Meningitis

**3:08-3:15 pm**

Discussion

**3:15-3:45 pm**

Break

**Session IV**

Ed Wood, Chair

**3:45-3:55 pm**

Weider

Otitis Media, My Experience And Observations – Alaskan Bush and New England

**3:55-4:03 pm** Wei, Shah, Maddalozzo

Cervical Lipoblastoma: An Uncommon Diagnosis Of Neck Mass

**4:03-4:11 pm**

Edmonds, Ludwig

Bacteriostatic Properties Of Ear Tubes Made Of Absorbable Polylactic Acid

**4:11-4:17 pm**

Discussion

**4:17-4:25 pm**

Jacobs, Bilaniuk

Bilateral Aberrant Internal Carotid Arteries In The Middle Ear

**4:25-4:33 pm**

Marsh

What Is Auditory Neuropathy? – Another Perspective.

**4:33-4:41 pm** Papaioannou  
A Protocol For The Fitting Of Amplification In Infants – Behavioral Data Doesn't  
Work.

**4:41-4:47 pm** Discussion

**4:47-4:55 pm** Samadi, Wetmore  
Actinomycosis Of The Temporal Bone

**4:55-5:03 pm** Torgerson, James, Blaser, Malkin, Papsin  
Bilateral Temporal Bone Involvement In Langerhans Cell Histiocytosis: A Rare Case  
Series .

**5:03 pm** Discussion

**5:10 pm** Adjourn

**Saturday, December 7<sup>th</sup>, 2002**

**7:00-8:00 am**

Breakfast session I

“What I Thought I Knew About Retirement” – Allan Seid, M.D.

Breakfast session II

“Pediatric Otolaryngology Practice – How To Start And How To Survive”  
– James Thomsen, M.D.

**Session V**

Blake Papsin, Chair

**8:30-9:30 am**

Panel on Pediatric Otolaryngology Controversies – Interactive Session

Anthony Magit, Moderator

Panel: David Darrow and Bruce Maddern

**9:30-9:40 am**

Ysunza, Pamplona, Ramirez, Molina, Mendoza, Silva  
Videonasopharyngoscopy In Patients With 22q11.1 Deletion Syndrome,  
Shprintzen Syndrome

**9:40-9:50 am**

Sas, Schwartz

Inoffice Investigation Of An Investigational Novel Rapid Diagnostic Test  
For Influenza Virus

**9:50-9:55 am**

Discussion

**9:55-10:15 am**

Break

**Session VI**

Will McGuirt, Chair

**10:15-10:25 am**

Callanan, Brodsky, Fisher  
Eosinophilic Esophagitis And Extraesophageal Reflux

**10:25-10:35 am**

Clary, Yu, Lieu  
ATV Injuries Over One Year At St. Louis Children's Hospital

**10:35-10:43 am**

Wei, Johnston, Maddalozzo  
Intrathyroid Thyroglossal Duct Cyst As A Differential Diagnosis Of  
Thyroid Nodule

**10:43-10:50 am**

Discussion

**10:50-10:58 am** Cunningham, Whittemore  
Gelfilm Myringoplasty At The Time Of Tympanostomy Tube Removal:  
Beneficial?

**10:58-11:00 am** Discussion

**11:00-11:45 am**  
Presentation of Robert Ruben Award For Scientific Excellence In  
Research to Rich Rosenfeld, M.D. – Guest Lecturer  
“Evidence-Based Common Sense”

**12:00 pm** Adjourn

**12:30-1:30 pm**

Lunch Breakouts

1. Otitis Media Treatment: Perspective From A Pediatrician –  
Perspective From an Otolaryngologist. – Joe Puglise, M.D.,  
Rich Rosenfeld, M.D.
2. Publishing In The Medical Journal – Process And Value – Robert  
Ruben, M.D.
3. Newborn Hearing Screening – Evolution In Progress – John  
Jacobson, PhD.

Lenn ox

**Sunday Morning, December 8<sup>th</sup>, 2002**

**8:00-8:45 am**

Presentation of Sylvan Stool Award for Excellence in Teaching to David Parsons, M.D., Guest Lecturer  
"Why Antibiotics Don't Work In Chronic Sinusitis"

**Session VII**

Mike Rutter, Chair

**8:45-8:53 am**

Gerber, Shah, Barretto

A Rare Case Of Pediatric Obstructive Sleep Apnea: Benign Hypopharyngeal Lipoma

**8:53-9:01 am**

Jacobs

Heterotrophic Gastric Mucosa As A Cause of Airway Obstruction In The Neonate

**9:01-9:09 am**

Shott, Heubi

PANDAS: Pediatric Autoimmune Neuropsychiatric Disorders Associated With Strep Infections – An Uncommon But Important Indication For T And A

**9:09-9:15 am**

Discussion

**9:15-9:25 am**

Conley, Lindstrom, Splaingard

Ibuprofen Therapy And Nasal Polyposis in Cystic Fibrosis

**9:25-9:35 am**

Darrow, Becker, Pellitteri, Karakla

Parathyroidectomy In Children And Adolescents

**9:35-9:45 am**

Gungor

Nasal Nitric Oxide: A Non-Invasive Diagnostic Marker For Pediatric Sinonasal Disease

**9:45-9:50 am**

Discussion

**9:50-10:15 am**

Break

**Session VIII**

David Darrow, Chair

**10:15-10:25 am** Shott, Donnelly  
Cine MRI Evaluation Of Obstructive Sleep Apnea In Children With Down Syndrome

**10:25-10:33 am** Thompson, Gluth  
Upper Aerodigestive Tract Complications In A Neonate With Linear IgA Bullous Dermatitis

**10:33-10:41 am** Battiata, Pazos, Zinder  
Grisel's Syndrome, A Case Report And Literature Review

**10:41-10:49 am** Conley, Lindstrom, Beecher, Carr, Arvedson  
Anterior Lingual Thyroglossal Cyst: Antenatal Diagnosis, Management, And Long Term Outcome

**10:49-11:00 am** Discussion

**11:00 am** Adjourn 'til 2003 – See you in New Orleans
